

School – Club Link Agreement Form

A school – club link is an agreement between a school and a sports club, designed to help both parties further their aims and work together to meet the needs of young people, whether they want to get involved;

- as an elite performer OR to enjoy sport and develop their skills
- for social or recreational reasons OR to maintain or develop their fitness
- as a young leader or coach OR as a club volunteer

This form sets out commitments that the school and club agree to as part of a school-club link.

Contact details (Please provide the main contact for this school-club link)

The school and club agree to contact each other regularly with updates. This agreement will be reviewed on the set date to ensure high quality, reflection, continued planning and progression.

We recommend that a minimum of 3 ‘ticked’ boxes for both school and club would constitute that there is a school-club link. Boxes or wording can be amended to meet the needs of the school and club.
