## PARTNERS

**Lincolnshire PE & School Sport Network:** A collaboration of local and national not-for-profit organisations seeking to increase the quality and quantity of PE, school sport and physical activity.

Lincolnshire County Council support and endorse these partners and the aims of the PE & School Sport network. One of the key recommendations from Ofsted for the use of sport premium funding, is to upskill the primary school workforce through high quality CPD opportunities. This Professional Education & Training Calendar provides a comprehensive programme that Lincolnshire schools can access for high quality PE and school sport CPD.

### Lincolnshire Sport

More people, More active, More often.

The main aim of Lincolnshire Sport is to increase participation in sport and physical activity across the county. We work with a variety of partners including National Governing Bodies of Sport, local authorities, schools, Lincolnshire County Council, sports clubs and participants, to manage and coordinate programmes and events to achieve our vision that 'By 2020 Lincolnshire Sport will create a successful county that leads a healthy, sporting lifestyle.'

Lincolnshire Sport has a 'Children & Young People' service area; working with a range of local, regional and national partners, our aim is to support the schools network to deliver the highest quality of physical education and school sport across the county.

### School Sport Partnerships of Lincolnshire

High Quality PE & Sport Opportunities For All

The 8 School Sport Partnerships (SSPs) operate across the whole county and undertake the delivery of the School Games programme. Each SSP hosts a School Games Organiser whose role is to organise and deliver a wide range of high quality sporting events, that give school children of all abilities the chance to participate and play sport.

#### The School Sport Partnerships of Lincolnshire work to:

- encourage young people to be more active more often
- develop children's spiritual, moral, social and cultural awareness through sport
- help tackle obesity by continuing to offer more opportunities to play sport

- develop pathways for children to progress from school sport to community sport.
- help develop young leaders of the future through sport
- support and advise teachers and schools in their delivery of PE and sport

All this is possible through the strong network of schools working together, both primary and secondary, that are developed and maintained across the county by the SSPs of Lincolnshire.

For more information about the opportunities offered to schools by SSPs please contact:

### Youth Sport Trust

Wellbeing. Leadership. Achievement.

The Youth Sport Trust is a national charity that is building a brighter future for young people through the power of sport. We believe every child has a right to be physically active through high quality PE and school sport, helping them to be healthy and happy, succeed in life and contribute to society.

With over 20 years' experience we have developed best practice programmes, resources and training courses to help primary, secondary and specialist schools improve the wellbeing, achievement and leadership skills of all students.
